*Office Memorandum* • UNITED STATES GOVERNMENT

TO : Chief, Services Branch, A&M

FROM : Executive for Administration and Management

SUBJECT: Intercommunicating System, OSO

DATE: 4 September 1947

25X1A9a

1. Reference paragraph 2, attached memorandum dated 28 August from the Assistant Director for Special Operations, [REDACTED] has been contacted and fully understands security restrictions in connection with utilizing intercommunication systems.

2. I have discussed this matter fully with OSO and have received sufficient verbal justification for the installation of the equipment requested in requisition dated 28 July, which is approved subject to the availability of sufficient funds.

3. Please inform me of the reason for the delay from 28 July until 20 August in action on the attached requisition. It appears that an action which requires merely the returning of a requisition for further data should be handled with more expedition than this one has been.
